

THE GROKE'S ICY ICE CREAM CAKE

1 bag of oven-ready chocolate cake batter 

1 l Bravo chocolate-mint ice cream 

Chocolate sauce 

Chocolate-flavoured sprinkles 

Bake the chocolate cake batter on a baking sheet lined with baking paper for about 15 minutes at 200°C. Let the cake cool and cut it in half so that you have two pieces of the same size. Freeze the pieces of cake for at least one hour. Cut the ice cream into slices of equal thickness and place them between the two cake layers. Cover the cake with ice cream, but leave the sides uncovered. Freeze the cake for at least one hour. Even out the sides of the cake or cut it into squares. Decorate and serve quickly!
