

MOOMIN PARTY HATS

Parties are even more fun when you make special party hats for everyone. You need thin elastic thread, a stapler and staples, glue, crayons and a pair of scissors to make these hats.

1. Print out as many hat sheets as you need.
2. Colour and decorate the hats.
3. Cut the hats out.
4. Spread glue on the strip that has no pattern and fold the hat into a conical shape.
5. Measure suitable lengths of elastic thread and staple one to each hat.

TIP! Decorate the lower edge of the hats with fluffy ribbon or lace to make them even more festive.
