

MOOMIN NAME CARDS

It's a good idea to make fun name cards so that every guest can find their own place at the party table. All you need is crayons and a pair of scissors.

1. Print out as many sheets of name cards as you need. One sheet contains 4 cards.
2. Colour and decorate the name cards. You can already write the names of your guests on them at the same time.
3. Cut the cards out.
4. Fold the cards along the middle line so that they stand up.

TIP! Glue the cards to cardboard to make them more durable.
