

MOOMIN STRAW DECORATIONS

It's easy to make ordinary straws a little more fun.

All you need is crayons, a pair of scissors and glue and you're ready to start.

1. Print out as many sheets as you need. One sheet contains 10 straw decorations.
2. Colour the pictures.
3. Cut the decorations out.
4. Spread glue on the strip of the decoration that attaches to the straw.
5. Wrap the strip tightly around the straw.

TIP! Add glitter glue and ribbons to make your straw decorations even more fun!
