

Moomin medals

Even if you don't have a competition, everybody loves to get their own medal. You need crayons, cardboard, ribbon, a pair of scissors and glue to make these.

1. Print out as many sheets as you want. One sheet contains XX medals.
2. Colour the pictures.
3. Cut the medals out.
4. Glue the medals to the cardboard base and cut them out.
5. Ask a parent to help you punch holes in the medals.
6. Slip the cord through the hole and tie it. Now you can give out medals to all your friends!

Tip! You can make even more interesting and exciting medals if you decorate them with glitter glue or different kinds of ribbons.
